Extra material

Study Materials

ISACA has prepared a variety of study resources in various languages to fully prepare for your CISA Exam. These include primary references, publications, articles, the ISACA Journal and other links.

Online Learning

ISACA eLearning Campus offers a variety of online learning courses for certification exam preparation and continuing professional education.

Review Courses

ISACA chapters in numerous countries offer CISA Review courses. View the Review Course list to determine if there is a course in your area, or contact your local chapter for additional courses. There will be courses in Durban, CapeTown & Jhb if demand exists.

Exam Preparation Community

ISACA created the CISA exam preparation community as a place for current CISA exam registrants to collaborate and study with other registrants within the ISACA environment.

Free online CISA Course

Cybrary has just launched a CISA online course, its free <http://www.cybrary.it/>

CISA Practice Tests (free)

One of the free resources that we make available at AuditScripts.com is a database of free ISACA CISA exam questions. Many auditors use the CISA as a way to validate their information systems audit skills. Many consider the CISA certification an entry point or requirement for anyone in the IS audit field. Because so many people in the AuditScripts community value this certification we created a database of 900 exam questions to help students prepare for the exam. We hope that these questions will help students properly prepare for the exam.
